

# IS YOUR DRUPAL SITE READY FOR 2026?

We've prepared a quick 10-question self-check for Drupal teams in government, higher education, and other public institutions.

Answer **Yes** or **No** to each.

## TECHNICAL FOUNDATION

- YES  NO Core and contributed modules updated on a defined cadence?
- YES  NO Content types and fields formally documented
- YES  NO Search configuration reviewed within the last 12 months?

## OPERATIONAL DISCIPLINE

- YES  NO Website governance plan documented and actively followed?
- YES  NO Editorial workflows and publishing permissions formally defined?
- YES  NO Disaster recovery and hosting continuity plan documented?

## GOVERNANCE MATURITY

- YES  NO Content lifecycle rules (archiving, retention, review cycles) defined?
- YES  NO Executive sponsor accountable for web governance and compliance?

## COMPLIANCE & RISK READINESS

- YES  NO WCAG 2.1 AA audit completed within the last 12 months?
- YES  NO Public-facing documents (PDFs) reviewed for ADA/WCAG compliance?

## HOW DID YOU SCORE?

- 8-10 Yes:** Operationally mature and proactively managed
- 5-7 Yes:** Functional, but vulnerable to drift, compliance risk
- 0-4 Yes:** Reactive environment with elevated risk exposure
